MASCNA STATEMENT OF PURPOSE

To sustain a local community of NA members while unifying the resources of the groups and to develop, maintain and coordinate services that support their primary purpose: to carry the message to the addict who still suffers.

AUTHORITY AND RESPONSIBILITY

The final responsibility and authority for the MASCNA rests with the Maine Area NA groups and is derived from the Twelve Traditions of NA and the *Twelve Concepts for NA Service*.

Terms start in October and end in the following October. Any filled partial terms will be considered concluded in October regardless of time served.
- GSRs may not hold a MASCNA Chairperson position, or MASCNA Policy Chairperson position, or serve as acting MASCNA Chairperson, but may hold other MASCNA administrative positions or be a Chairperson on any other service Subcommittee.
- MASCNA Administrative Committee members can serve no more than two consecutive terms in the same position. Archivist Coordinator can serve three consecutive terms (six years).
- No member shall serve in more than one Administrative Committee position at the same time but may serve as a Subcommittee Chairperson or member.
- Any Administrative Committee member, Coordinator or Subcommittee Chairperson will be removed from office for loss of clean time, and may be removed from office for non-fulfillment of duties or missing two consecutive ASC meetings without giving prior notice to the MASCNA body or Chairperson

DECISION MAKING PROCESS

- It is strongly recommended that clean time **NOT** be waived. However, sometimes it is necessary for business to be conducted. Therefore, a motion may be made by a GSR to waive clean time requirements. Results to be determined by a 2/3s majority vote.
- Voting members in MASCNA business and elections will only consist of GSRs or their alternates.
- Any GSR attending MASCNA has a vote; each group has one vote. Any group may vote in writing on Old Business.
- A main motion is made under New Business by a voting GSR, representing a group; a Coordinator; a Subcommittee Chairperson, representing the Subcommittee; or an Administrative Committee Member (if the motion applies to their position).
- A motion should be clear, concise, and comprehensive so that the MASCNA is not voting on the perceived intent, but on the actual wording of the motion, as it will be recorded in the minutes.
- For any motion to be considered, it must be seconded by a voting GSR; except when made by a Coordinator, a Subcommittee Chairperson or an Administrative Committee member. A second merely indicates that another member wishes to hear discussion of the motion. It does not necessarily mean that the person seconding the motion is in favor of the motion.
- Every motion must be presented to the MASCNA Chairperson, in writing, and on the appropriate form, showing the member proposing the motion, the GSR seconding the motion, and the intent of the motion.
- The Chairperson will state the motion before the committee.

- The Chairperson recognizes the maker of the motion to speak first. If the maker of the motion is not present, the motion fails.
- The Chairperson then asks for debate on the motion. Any member may speak to a motion, once recognized by the Chairperson. No member may speak more than once, unless that person is asked a question pertaining to the motion, or until everyone who wishes to have spoken.
- After the debate is exhausted, the Chairperson calls for a moment of silence and then asks for a show of hands in favor of the motion.
- If there is a 2/3s majority in favor of the motion, the motion carries.
- If not, the motion fails. The Chairperson then asks all those opposed to the motion if they wish to amend, refer to a chair/committee or table the motion.
- If the motion is amended (This refers to a situation when less than 2/3s majority of the voting GSRs vote in favor of the motion) the Decision-Making Process starts over. If not, the motion can be tabled, and brought up under Old Business at the next MASCNA meeting.
- If there is less than a 2/3s majority of voting GSRs in favor of a tabled or referred motion in Old Business via the Decision-Making Process, the motion fails. A motion may be re-tabled in Old Business if 2/3s majority of the voting GSRs vote to do so.
- If a motion fails, it can be re-introduced by a group who voted against it (this is called a motion to reconsider). After a motion has been carried by a 2/3s majority vote, the matter is decided until such time as the MASCNA determines a need for revision.
- The Decision-Making Process does not apply to Elections.

ELECTIONS

- Elections will be held for all Administrative Officers, Coordinators and Subcommittee Chairpersons at the October MASCNA meeting. Nominations will be held at the September MASCNA meeting (except for the RCM and the Archivist coordinator who serve two years).
- Nominees must have attended two prior consecutive MASCNA meetings. With a motion from GSRs in attendance, this requirement can be waived for previous attendees of MASCNA.
- Nominees and electives must be present to be nominated and elected.
- All positions require a 2/3s majority vote of the voting members. Abstentions will not factor.
- Any member of NA may nominate any member of the Maine Area for a trusted servant position. Nominations may be done in person or through a GSR.
- Elected Officers and Subcommittee Chairpersons will assume their positions immediately after the October MASCNA meeting.
- If a vacant seat is filled at an Area Service Meeting (other than in October), the elected person will assume the position immediately, and serve for the remainder of the term ending in October.

AMENDMENTS TO GUIDELINES

- Proposed Amendments or motions pertaining to the MASCNA Guidelines will be discussed and tabled directly to Homegroups for a conscience.
- The proposed Amendment or Motion will then be voted on by GSRs at the following MASCNA meeting.
- Amendments to the Guidelines require a 2/3s majority vote by voting members.
- All changes to the MASCNA Guidelines are to take effect immediately, unless otherwise stated in the motion.

MASCNA Guidelines Appendix A:

Additional Meeting List Coordinator Policy

The task of starting a meeting should not be taken lightly. NA members are adding a resource that stands for the hope that any addict may lose the desire to use drugs. NA meetings save lives and the commitment to start and maintain a meeting must be taken seriously. Our focus is to help clarify and simplify the process of creating a new NA group.

First: Preparation is the foundation. A new group needs a commitment of a group of NA members willing to prioritize their time to support a new meeting by attending consistently while carrying a clear NA recovery message regardless of challenges.

Second: NA members should choose a location that will encourage a recovery community and will accept a small donation to help pay for utilities and other expenses. Churches and community buildings are a good place to begin inquiries. Be careful not to associate NA with other organizations such as treatment centers where the anonymity may be confusing to the public at large.

Third: Asking for help at other NA meetings and at NA Area Service Committee Meetings will help with startup materials and support for beginning a new meeting. It is also the place to find answers to specific questions and concerns according to guidelines provided by NA World Services.

Fourth: in addition to requirements above, to be listed on the Maine Area meeting list the group must provide a contact person and must promise to inform the meeting list coordinator of any changes to the meeting day, time or location, including if the meeting has folded. The meeting list coordinator may be contacted by email at meetings@namaine.org.

Fifth: If the new group does not meet policy requirements to be included in the meeting list, the meeting list coordinator (MLC) shall send the group a letter or an email explaining why, and a copy of this policy. The MLC shall work with the group to help them meet requirements and shall be disposed to smooth the path rather than set up stumbling blocks. Information on NA meetings and service groups is available locally on the Internet at namaine.org or by phone at 1-[800-974-0062](tel:800-974-0062).

Statement of Acknowledgement of Financial Responsibility
And Procedure for Dealing with Theft and
Misappropriation of NA Funds
Enacted July 2015

ASC: When the theft of NA funds occurs at the Area level; the Area's Chairperson shall appoint an Ad Hoc Subcommittee to investigate the matter, determine what happened, and implement an appropriate course of action according to the procedures outlined here.

GROUP: When the theft of NA funds occurs at the Group level, the Home Group is responsible for the retrieval of group NA funds and may, if they choose, use these forms and this retrieval procedure at the home group level as guidance or as policy.

When a Home Group lacks the ability to retrieve NA funds and asks the ASC for assistance in their retrieval, the Area Chairperson or representative may assign the Outreach Subcommittee the task of assisting the group in the retrieval process. A report of the request for assistance and an assessment of the situation shall be included in both the group and Outreach Subcommittee reports at the next ASC meeting, and updates shall be given monthly at the ASC by both until the situation is resolved.

CLARIFICATION: Misappropriation is any misuse of NA funds where the use of funds was inappropriate and/or misguided but nothing was actually stolen. In this case the individual responsible would lose their position immediately and be prevented from assuming any other position in which they were responsible for NA funds for one year; however no further action would be taken unless the loss to the fellowship was very substantial. We have extended our definition of "misappropriation" at the Area level to any amount of NA monies missing and assumed taken by any individual totaling less than \$75. Groups may or may not elect to use this extended definition.

Theft Prevention:

Our Eleventh Concept points out how especially important NA funds are. In keeping with the spiritual principles of this concept, anyone responsible for NA funds will be required to fill out the Qualification Questionnaire, submit to a public interview and adhere to guidelines regarding funds handling. They will be asked to implement standardized accounting practices and auditing procedures that ensure accountability. These practices may include, but not be limited to monthly reporting, regular audits, two-signature checking accounts, and monthly reconciliation of original bank statements.

These practices may be monitored by another person. Anyone responsible for handling NA funds may be accompanied while counting receipts, making the bank deposit (this must be done within 48 hours), reconciling the original bank statements, and most importantly, while any funds are disbursed. All financial records shall be readily available to other trusted servants.

Funds Retrieval Process

A. Determining if theft has occurred:

1. A thorough review of all books and financial records shall be conducted to make sure the funds were taken: **How much? By whom?**
2. **Our inventory:** Was there a failing in the accounting procedures and safeguards that allowed this to happen? What can we do differently to ensure this does not occur again?

B. If it becomes clear that money has indeed been taken:

1. MASCNA will schedule a Retrieval of NA Funds Meeting, attempting to host it at a time and place that is agreeable to all or most involved.
2. The person who is accused of taking the funds will be informed of the meeting via phone, email, registered mail, and in person if possible.
3. At this meeting, the accused individual will be given the opportunity to present their point of view.
4. The Retrieval of NA Funds Meeting Format will be used during this meeting.

C. If the individual admits to the theft and agrees to pay back the missing funds:

1. The Maine Area of Narcotics Anonymous Contract for the Retrieval of NA Funds may be used.
2. Let the individual know that if the restitution agreement is not adhered to, you intend to take legal action based on the signed and witnessed repayment agreement.
3. A report about the situation should be published and regular reports on the status of the restitution agreement should be published until the agreement "is satisfied in groups and/or area reports.
4. Protecting the identity of the person involved is secondary to being accountable to the fellowship for its funds and ensuring that the person is not put in a position where he or she may do further harm.
5. It is best to remove the person from his or her service position and not consider the person for another position until he or she has dealt with the issue through the process of the Steps.

D. If the individual does not show up at the special meeting:

1. MASCNA will need to ensure that every effort to contact the person has been made.

2. MASCNA will use registered mail to send a letter explaining that an audit of financial records has been performed, that facts show the individual is responsible for missing money, that repayment is expected, and what the consequences will be if the individual does not
3. respond to the letter.
4. Copies of the letter will be archived digitally and on paper for further reference.
5. If the individual's response to the letter is in a positive manner, MASCNA will return to section B and follow the procedures.

E. If the individual refuses to repay the money or agrees to a plan but does not follow through with agreement or if the person has disappeared it may be appropriate to take legal action:

1. The decision to take legal action is an option that does not compromise traditions or spiritual principles, but it should be our last resort.
2. It is suggested that the decision to prosecute be thoroughly explored before going ahead, using area, regional, and world services resources.
